# Harlequin Allegro™

**Harlequin Allegro** was developed to protect against hard sub-floors and is a popular choice as a semi-sprung flooring option. It's the thickest roll-out dance floor available worldwide and provides great protection for dancers due to its point-elasticity and slip-resistant dance surface.

**Harlequin Allegro** is ideal for contemporary, modern, hip hop, jazz and street dance, as well as aerobics and zumba, as it can help to reduce performer fatigue and impact injuries.

**Harlequin Allegro** is a substantial heavy-duty floor. It's specified for permanent installation within dance institutions, dance studios, schools and gymnasiums, although it can also be utilised as a loose-lay option.
