

Harlequin Vinyl Floor Storage Carts

Harlequin vinyl floor storage carts are constructed from black scratch-resistant, powder-coated steel and are available in two models:

- a 4-roll restricted access cart (in 1.5m or 2m lengths).
- a 6-roll standard cart (in 1.5m or 2m lengths).

The heavy gauge poles which support the rolls of flooring have special end fittings to locate them securely on the cart and a centre support to prevent bowing of the rolls.

Two handles are supplied with each cart to assist with loading and unloading and, when not in use, these locate on the end panels to help manoeuvre the cart itself.

All carts are fitted with four heavy-duty swivel castors; with brakes and non-marking polyamide wheels.

4-roll restricted access cart

6-roll standard cart

Specification guide
