Harlequin Standfast™

Harlequin Standfast is a hard-wearing, durable performance floor that's intended for permanent installation into adhesive, when the joints are heat welded to form a continuous performance surface.

Harlequin Standfast is suitable for ballet, contemporary, modern, percussive dance including flamenco, Irish and tap, multi-purpose use, hip-hop, jazz, street, aerobics, zumba, television, theatre and for operatic performances.

Harlequin Standfast has a slip-resistant surface and is ideal as a permanent multi-purpose dance or stage flooring for heavy-duty use. It can be laid on any hard, smooth sub-floor and is an excellent choice as the vinyl performance surface in conjunction with a Harlequin sprung floor.
