

Black

Homogeneous PVC  
with a fire resistant  
performance surface

# Harlequin Marine™

**Harlequin Marine** is extensively installed on cruise liners and conforms to marine standards and fire ratings. It's specified for permanent installation and is suitable for fitting within confined spaces on marine vessels and for scenery docks on cruise ships.

**Harlequin Marine** is also suitable for multi-purpose use, percussive dance including flamenco, Irish and tap, concerts, television, theatre and operatic performances.

**Harlequin Marine** is a hard-wearing, homogeneous PVC dance floor. It's fire resistant, with a slightly marbled surface to resist scuffing and hide marks. It can be laid on any hard, smooth sub-floor and is an excellent choice as the vinyl performance surface in conjunction with a Harlequin sprung floor.

## Specification guide

<b>Permanent or Portable</b>	Permanent
<b>Roll width</b>	2m
