

Harlequin Cascade™

Harlequin Cascade is Harlequin's flagship professional vinyl performance floor, used by the world's leading dance companies and dance venues. As a hard-wearing homogeneous vinyl, it has a slip resistant smooth dance surface and is ideal for use in dance studios, theatres, concerts and as a high-quality base for lighting designers and photographers.

Installation: Harlequin Cascade is specified for permanent or temporary installation and is recommended for use in conjunction with a suitable Harlequin sprung floor. The joins are welded or taped to create a continuous performance surface.

Usage: Harlequin Cascade is a multi-purpose dance or stage floor, ideal for ballet, contemporary, modern and theatrical use. It is also the preferred vinyl dance floor for percussive dance (flamenco, Irish and tap).

All Harlequin vinyl floors are 100% recyclable.
