

Harlequin Showfloor™

Harlequin Showfloor is a multi-layered vinyl performance floor with a cellular foam backing and an embossed display surface to help prevent scuff marks. It is lightweight, reusable, and perfect for use as a temporary floor at any event.

Installation: Harlequin Showfloor is specified for temporary 'loose-lay' installation. The joints are taped to form a continuous performance surface. It can be rolled out on any flat, smooth surface.

Usage: Ideal for fashion shows, exhibition stands, stage sets, museums, events and art displays.

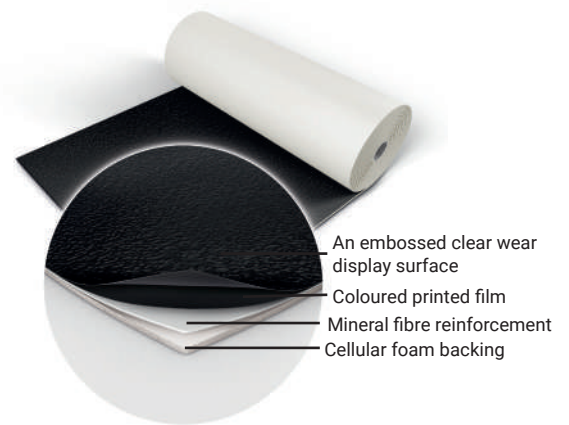

All Harlequin vinyl floors are 100% recyclable.

Specification Guide
